INDIAN

This is Anderson High School, the place where for four years we have labored and played; where we have had good teachers who were interested in us. We leave it with mingled feelings of joy and regret. Our joy is for the opportunity of going out into the larger fields, for the opportunity of taking our places in a different world. The regret is for the friendships which we know will be severed; the teachers whom we have learned to love and respect, and the protection and care which we know has surrounded us.

Anderson High School,—the place where we have seen the teams rise and fall and have been correspondingly elated or cast down in spirits. We shall not forget the days spent in these halls. We shall not forget the happy hours spent in these rooms. When the sounds that once were familiar are no longer in our ears, the echoes of these rooms will remain in our hearts.

We hail you, A. H. S., as the best school in the state. We thrill with pleasure at the sound of your name. We promise faith and love to you. We promise pride and joy to you. We pledge that through our lives, no acts of ours shall bring disgrace to you.

1925

To the Indian spirit of Anderson High School; to the rugged simplicity of the Indian's nature; to his quiet devotion and his appreciation of the beautiful; to his bravery in contest and the steadfast courage of his faith, we dedicate the Indian of 1925.

The reproduction in color, of the Indian painting, by John Rae, noted illustrator, is the gift of the Senior Class.

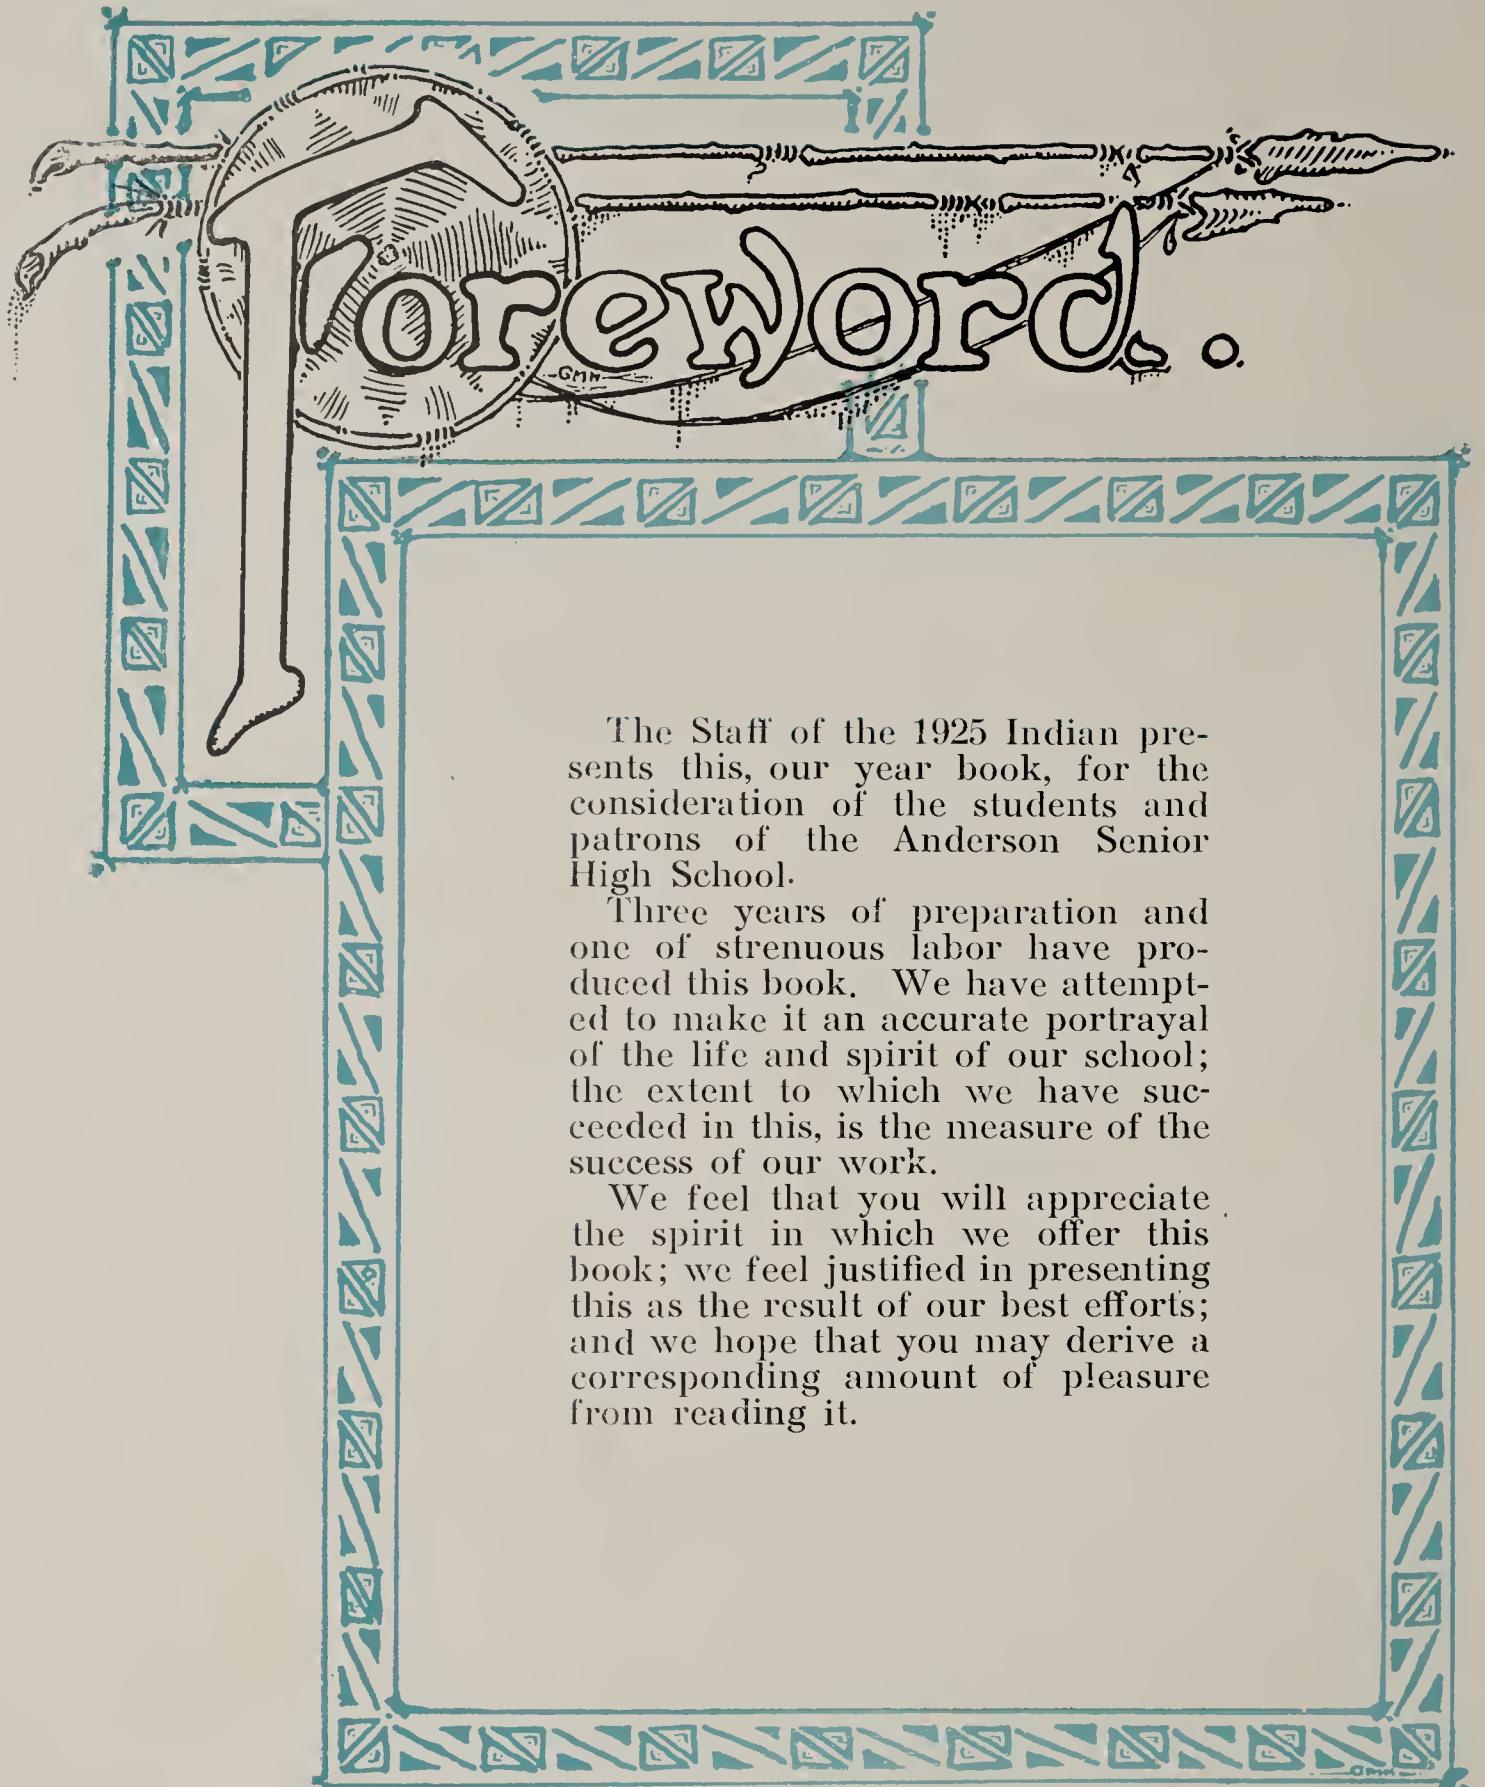

Acknowledgment

The Senior Class of 1925 wishes to express its appreciation of the work and interest of the sponsors, Miss Gore and Mr. Shields, in its class activities. Mainly because of their exceptional ability and spirit, none of the usual troubles have arisen in our affairs.

We have worked hard, have worked together, and have enjoyed the privilege.

We feel very deeply the gratitude due them, and feel that in future years their influence will be evidenced in our lives.

The Staff of the 1925 Indian presents this, our year book, for the consideration of the students and patrons of the Anderson Senior High School.

Three years of preparation and one of strenuous labor have produced this book. We have attempted to make it an accurate portrayal of the life and spirit of our school; the extent to which we have succeeded in this, is the measure of the success of our work.

We feel that you will appreciate the spirit in which we offer this book; we feel justified in presenting this as the result of our best efforts; and we hope that you may derive a corresponding amount of pleasure from reading it.

Class History

Freshman Year

During our Freshman year we let our lights shine through the darkness. We were not the usual group of "green freshmen." Our class spirit and our activities were the envy of all other classes. Our reverence for teachers, our regular attendance in study halls, our quiet demeanor and dignity all caused us to be favorably regarded by our teachers.

The officers of our class were: President, Georgiana George; Vice-President, Sarah Gilmore; Secretary, Frances Hall; Treasurer, Roy Hughes; Sergeant-at-Arms, Guy Rhoten.

Sophomore Year

In our Sophomore year we made our social debut by giving a skating party. Everyone had loads of fun, and all the rain they wanted. We tried very hard to win the silver cup, which was to be given to the class having the largest attendance at the pep sessions which were held after school each evening in the auditorium.

Junior Year

We began our Junior year by giving the "first and foremost" skating party of the year. Per schedule, rain fell in sheets. We ate lunch in the dancing pavilion at the Mounds and then waded across to the skating rink.

Later, The Little Theatre players, of Indianapolis, gave a performance of "The Wren" in the Auditorium. It rained — and the players and ushers were present.

Two other skating parties and the sale of basketball buttons were our next ventures. Later, Miss Gore coached a chorus of several of the girls of the class, and Mr. Julius and some of the boys staged a minstrel, which was given at the Riviera theatre.

The Seniors allowed us one basketball game, during which we sold candy, "pies," chewing gum, etc. We attended the last basketball game to be held in the old gym.

As a crowning feature of the year, we gave the annual Junior-Senior banquet, which was held in the gymnasium, June 3, 1924.

Senior Year

Our last and most glorious year began with a hay ride. "Winnies" and buns were the menu. "A good time was had by all."

After many years of planning and working, we succeeded in getting the new Gymnasium, in which we entertained the fans and teams who attended the Invitational, District, and Regional meets.

Shall we ever forget the people who ate their "hot dogs" without buns? Or the Lapel-Anderson game? Or the team?

The Salvi concert was the next feature of our history. Though we did not, as a class, have any connection with it, yet, because of our appreciation, we must include the "world's greatest harpist" in our memory book.

The committee appointed to plan for a Senior party had difficulty in securing "a date." At last, an arrangement was made, and our last party was given at the Eblis Grotto lodge rooms. Punch, ice cream, and sandwiches were served. It was an "impersonation party" and everyone was dressed to represent a character.

"Quality Street," the class play, was given February 5th and 6th. The old-fashioned costumes, the "adorable Miss Phoebe," the "dashing Mr. Brown," and all the other charming people from this quaint little English town combined to make it the best class play ever given. It was the first costume play that has been given in several years.

The class voted to put the money which we made, into a lump sum to be paid on the new gym. A bronze tablet will be placed in the gym bearing the name of the class, the amount of the gift, and the names of the class officers. Many other suggestions as to the class gift were considered, and this one was accepted.

Many of the Seniors have worked very hard in order to make the sum as large as possible. Those who sold during the tournament greatly appreciated the untiring works of Miss Gore and Mr. Shields.

Old Clothes Day

Wednesday morning, April 29, we had our last event before Senior week, Old Clothes Day, amid the usual falling of rain drops. We had planned to parade through town, but Nature, not realizing that it was all in fun, wept so violently over the affair, that we gave it up.

We paraded through the auditorium and passed in the "Follies Revue", across the stage. Solomon in all his glory would have been put to shame, had he stood beside some of our "dolled up" Seniors.

With age and dignity forgotten, we gamboled and cavorted; propriety and culture were laid aside while our Seniors, in their mad fit, (we can only accredit their actions to a violent fever) played and romped as only infants can. Even "Mother Nature" became pacified, so that now and then she smiled through her tears, during which time the Seniors took pictures of themselves and each other.

So now our history is complete. As we let our pen fall from our hands we smile, for we have recorded the deeds of a wonderful class, the best class in A. H. S., and we are proud to give its record to the world, hoping that others will read of our good and noble deeds, and do likewise.

Class Prophecy

I had traveled far; and the gleams of a campfire were welcome. I hurried on to find out who the campers were. When I reached them I was surprised to find a tribe of Indians. They were seated around their fire smoking in silence, with only a grunt now and then. I asked, and received permission to stay all night in the camp, as I was far from my own fireside and could not reach it that night. The Indians keep early hours when on the war path and when hunting. Their clock, the evening star, told them that it was time to retire. Soon we were all rolled up in our blankets and in a short while the quiet of night had settled down, broken only now and then by the cry of some wild animal as it serenaded the queen of the night, the moon.

We broke camp early the next morning, and, as I was bound toward the East, while they were following the North West Trail, I expressed my thanks to the Chief, Amoega Kioah. In payment for my night's lodging, I gave him several strands of beads. To show that he felt honored by the visit of the white man, he in turn presented me with a stone.

The stone was curiously carved. On it was the tatoo of the tribe and also a story of the tribe of Chief Anderson and his great and mighty deeds. There were also several prayers to the Great Spirit, on the stone. I tucked it in my blouse without giving it much thought. With a great many bows I left my companions and started on.

As the morning passed, the solitude depressed me, and I became very lonesome. I began to call to memory people whom I had known. I wished that I might see them again.

Instantly the mountains on the east and west became sky scrapers. A sign appeared on one of the buildings which read: "Call 555—Higgins, the Cleaner."

Another sign showed up on the next building: "Carlos Jenkins and Earl Schmidt—Lawyers. Office hours 7 to 11 A. M."

I hurried into the building and on to the escalator. The man in the uniform, at the head of the stairs said, "Third door to the left." The man looked puzzled, and asked me if I lived in the city. When I said that I did not, he asked if he had ever met me before. I told him my name and he said that his name was John Endicott.

I opened the door and gave my card to the girl at the desk. She looked familiar, and when one of the clients asked to see Miss Kehrer, I knew it was none other than Doris.

She conducted me into a large waiting room and gave my card to Mr. Schmidt's private stenographer, whom I recognized as Virginia Cleaver.

The door opened, and Mr. Jenkins, a heavy set, middle aged man came out. He thought that I wanted to apply for a divorce, but soon saw his mistake. He told me that Mrs. Jenkins was well and had not bobbed her hair yet.

We heard a band playing, and then Miss Bronnenburg, who was the Helen of the 57 varities, and who was also a "stenog" of the firm, informed me that Howard Burt had just returned from filming "The Beef of Thagdad." He had gone to the film colony after the ten cent store operated by Jim Current and Gene Lawson, in which he had invested his last forty dollars, had failed.

INDIAN

I saw a bus coming down the street. A lusty cry of "Peanuts! Candy! Chewing gum! pies!" came from one of the four people on the top of the bus. All along the street, windows were opened. The people held up their fingers to show how many they wanted.

The bus drove up in front of our building and I heard a shrill whistle, which I knew belonged exclusively to Mary Louise Jones. Sure enough it was Mary Louise. She was the star pitcher, having missed only one shot in the fifteen years that the company had been organized. George Chambers caught the nickles, which were thrown from the windows. Frances Hall registered sales and Willard Cookman kept the supplies ready.

The driver of the bus honked the horn, and I saw the Ford driver of former days, Ed Whetzel.

Just then the office door opened and I beheld my dear friend, Gretchen. We were overjoyed at seeing each other again. She told me that Miss Weer, "Phoebe of the ringlets," was broadcasting a program of vocal solos, on the floor above. She took me upstairs and I was delighted to meet Millicent, although I was rather embarrassed when Gretchen told me that Miss Weer was the most famous opera singer in the United States.

The morning was nearly gone, and so Mr. and Mrs. Jenkins took me to lunch. The check girl spoke to my companions and then looked strangely at me.

"Don't you remember Margaret Dille?" Gretchen asked. Twenty years had made a great change, and I could hardly recognize the stout lady as the Margaret of school days.

After lunch we went to visit the mayor, Melvin Bronnenburg. He had been elected so often that he felt duty bound to run for the office of city mayor. He was now serving his fourth term.

All the signs with "city officer" on them made me remember that I did not know where we were. I was informed that I was in Anderson, Indiana. I almost refused to believe it, because the city was as large as Chicago had been twenty years before.

My friends then took me to see the new high school. There were so many new people there that they had to march to music from one class to another. Most of the old teachers were gone. We visited one of the grammar classes, taught by a dear little old lady with grey curls. I did not recognize her until she stood up to teach. She began vigorously swinging a "sometimes sharp" pencil, and then I knew that it was our adored sponsor, Miss Gore.

Mr. Shields had discovered a patent by which ink bottles could be dropped without breaking them. Needless to say that he had retired from business.

Cleo Cunningham was the principal of the school. Among the faculty were found Lois Farren, "Math" teacher; Elsie Schell, Sewing teacher; Helen Homan, Latin teacher; and Kate Norris, Public Speaking teacher. Rebecca Pullin was the dean of girls. Lela Sprague was the second Mrs. Burrows.

I was invited to stay over Sunday and hear Eugene Wagoner, pastor of the Christian Church, preach.

After we left the school, Gretchen took me out to the hospital, where she told me I would see several of our old class. We arrived at the large

hospital and sent our cards in to Doctor Daly. Dr. Daly was a very busy man, but he took time to take us through the hospital. Pauline Bronnenburg was the head nurse in the infantry. John Austin was Pauline's able assistant in the nursery.

Pauline told us that Jessie Helen, Marguerite Wright and Georgiana George were all on the nurse's staff. The girls were very matronly and sedate.

We next went to visit the Anderson Tribune office. There we met Fred Roberts, a rotund, heavy set man with a black mustache. He was editor of the paper, which had the largest circulation of any paper in the United States.

Fred took us into another room and introduced us to Glen Webb. We could hardly recognize the tall, stoop shouldered, and very thin man.

Glen showed us a picture of the state champion basketball players. Roy Shettle had moved to a neighboring hamlet, Chesterfield, and had trained a team that had a story to tell the first time they returned home from Indianapolis. "Butch" was also commercial art instructor in the Chesterfield H. S.

We went on through the office and met Lewis Roby, the sales manager, and Mary Phelps, the society editor, who told us about a great many of the people we had known. Irene Patterson, Monzella Frazee, and Vernon Daily had become foreign missionaries.

Anne Schumacher had won the Atlantic City beauty contest. However, at this time she was doing economic research for Mae Smith, who was the new Chairman of the Tariff Commission. Madonna Clem and Maxine Stevens were also in this department, having learned the business under Prof. Strickler.

Kathryn Rank, who was foreign correspondent of the Tribune in Ireland, but who was home on a furlough, told us about the successful works of Isaac Kursch in bringing peace and happiness to Ireland by buying up all the brick factories.

Sarah Gilmore was married. She was with her husband, Kenneth Councill, who was an engineer in the Orient. Sarah was giving private lessons to prospect class secretaries in China, according to her last letter.

Lois Shipman was the wife of Marion Campbell, nickel collector on a South Meridian elevated.

Pauline Boicourt was the wife of Howard Witt. Mrs. Witts' research for the Chemical Essay Contest, concerning chemistry and foods had practically eliminated ptomaine poisoning from the restaurant menu.

Gretchen told me that Mary Stone had done valuable work in rescuing homeless cats and dogs. Gladys Bickel was matron in Mary's hospital. Mary Lannes was cook for the home, and Anne Marie Wedding put the animals to sleep by telling them bedtime stories.

Bob Stone, Mary's brother, was city truant officer. Mary told us that he was the most efficient man that the school had ever known, being acquainted with all the finer points of truancy.

Mary Humphrey, Stella Magowan and Bernice Birdwell had a one room apartment in Chicago, where they were studying art. Gretchen told me about them on the way home.

Clarence Windsor was in the South Sea Islands, where he had been crowned king of Gab. Clarence had been jilted by a beautiful heiress, so

INDIAN

he had bought up all the mirrors in the United States and had sold them to the natives of Gab, thereby making a fortune.

Many of our talented people were in Europe. Among them; Nadah Anderson, who was studying music; Eleanor Champlin, who was making a tour of European capitals as an aesthetic dancer, and Betty Bayless who was the world's greatest living organist, also making her European debut.

Carl Adams and Maurice Starr had gone to China and had beaten the Chinese at Mah Jongg and had then taught them to play basketball and football.

Faye Turner had won the title of "the most photographed lady in the world." Critics called her another Sarah Bernhardt.

Edna Miller won world recognition for her "Pointex heels." Her's were the ankles which you saw in each edition of the "Farm and Fireside."

Mary Renner and Bernice Crafton had established a broadcasting station, where each evening they rocked the cradles of the nation with "Little Red Hen."—etc.

Carl Neice had succeeded Tom Mix. He could fall from a cliff one thousand feet high, into a torrent of rushing water, rescue a fair maiden, and come up with his hair combed perfectly.

"Fletch" King had also joined the Hollywood brigade. He was chosen by Mary Pickford as her leading man, because of "that schoolgirl complexion."

Dorothy Dietzen had kept up the family traditions by extending the bread baking industry. She fed the "Far East," the perishing millions, the upper "four hundred," and all other stations of mankind.

Marie Anderson was the successor of Peggy Joyce. The insurance from the death of each of her husbands had emassed a great fortune for her.

Mary Estep was the new school vocational secretary. She was very proficient and earned her thousand dollar (?) salary.

Among the officials of the city were found, Truman McClure, superintendent of public road construction; Kenneth Ricketts, traffic cop; and Joe Carney, fire marshal.

I met Donald Feigley in the evening. Don was the new library custodian.

Donna Stevens was the new city librarian. Her annual discussions on "where to find books in the library," given before the High School were a great success.

Gladys Bromback was a teacher in her "old Kentucky home" under southern skies, where her Mammy sang to her every ev'nin.

Carl Donnelly had succeeded Mr. Wise as director of the orchestra. The band had been moved into a large building in the suburbs, a suburb which was soon vacated by the neighbors.

Although I had not seen all of the "Kids" yet I was glad to know that so many of them were succeeding. I was content, my wish had been gratified. As silently and as quickly as they had appeared, the city streets and buildings faded away, and I found myself walking Eastward toward my ranch. To this day I know not whether it was the stone, or a dream, or a reality. Could you tell me?

Editorial Comment

This year has marked the final and complete separation of the weekly edited X-RAY, and the Senior Annual. For a number of years the two have been organized and run jointly, the same business heads controlling both the paper and the year book. This year, however, a separate staff was elected for each publication, making the "school paper" in every sense a school paper, and the Annual strictly a senior publication.

Nothing more strikingly illustrates how completely the two are separated than the change in the name of the Annual. Heretofore, both have borne the name X-RAY, and, while the Annual is still considered the final edition of the school paper, it has assumed the new title, "The Indian". No more fitting name could be conceived, the spirit and traditions of the school being exactly as the name signifies. We feel sure that the quality of the book has not been lowered, and we cannot but feel that a big step in advancing Anderson High School's Indian spirit has been taken in changing of the name.

The School year, while not evidencing any outstanding activities, has not been devoid of the usual interest in school and class activities. The school held its third annual track and field day, May 28, at Athletic Park. The oratorical contest was conducted in this district under the auspices of the Anderson Herald. The contest in the high school was won by Edward Greenlee, who placed second in the district contest.

A number of very unusual auditorium calls have been held this year, some of the best orators in the country having appeared before the high school. Among them were; William Jennings Bryan, the "king of persistancy," Professor Irving J. Fisher, professor at Yale; President Bryan of Indiana University; and Dr. Mackintosh, the president of Wabash College. Two of the famous "around-the-world flyers," talked to the high school on May 22.

This school year has seen the birth of a new organization in the high school, the Home-Economics club, for students in the domestic science department.

The work of the Junior and Senior classes during the year has, for the most part, been centered on the betterment of the gymnasium. The Senior Class gift was the installation of the electric scoreboards in the gym. The Junior class gave to the gym, a set of brass supports and decorative ropes to rope off the playing floor. The two classes had charge of the check rooms and eating concessions, respectively, from which a fixed percent of the profits were turned over to the classes, the rest going toward paying the gym debt. At the end of the year, the surplus in the Senior Class treasury was given to the gym.

HISTORY

In 1914, the first "Senior Annual" was published. Up to that time, only one year book had been issued. The book was cloth bound, and sold for one dollar per copy. The end of the year found the balance about seventy-five dollars, on the wrong side of the balance sheet.

Senior Annuals from 1914 to 1918 were paper bound, containing ninety-six pages, plus ads. They sold for twenty-five cents each. About 1500 copies were sold each year. In 1921 the Annual began to expand. Bound in a "leather" back the book consisted of about 130 pages.

In 1922, '23, and '24 stiff backs were used on the books, which had been enlarged to 150 pages.

The 1925 "Indian" has 152 pages. It is the first annual published in Anderson High School which featured the two color art development.

Credit for the extensive art work in the book is largely due to Miss Balyeat and the art department. They have worked hard to make the art work in the Annual a success. All the art work was done by students in the art department under the supervision of Miss Balyeat. Golden Harry and "Kenny" Snyder deserve especial recognition for the way in which they worked to make the book a success.

All printing of the "Indian" was done in the Senior High School print shop, under the direction of Mr. "Doc" Barner. Although that fact does not imply much at first, it means a great deal when the fact that Anderson is the only school in the state which prints the Senior Annual in the school, is considered.

X-RAY BOARD.

X-Ray Board

The official governing body of the X-RAY is composed of five faculty members appointed by the principal of the high school and, ex-officio, the editor and business manager of the publication. Matters of general policy are decided by the board, but in practice the activities are rather loosely articulated and considerable freedom is permitted.

Mr. J. D. Miller is the watchdog of the treasury, Miss Rice supervises the distribution of the editions of the X-RAY, while Mr. Dakin, through his class in newswriting, guides the newsgathering activities.

Although the past year has been financially successful for the X-RAY, many things have made it far from perfect. The resignation of Durward Beall, editor, and the election of Fred Roberts to fill the place, broke into the general routine. A seven week "lay-off" at Christmas, during the remodeling of the print shop, made continuous work impossible, and resulted in fewer editions than usual.

Special "Tournament Extras," and a large 12-page Christmas edition have been the only outstanding features of the X-RAY during the year 1924-25. Special attention is due the reporters, staff members, news writers, and print shop crew for their ceaseless efforts to produce the school paper under more than usual difficulties. Co-operation is the watchword of all who are connected with the production of the X-RAY and a better year is anticipated beginning in the fall of 1925.

INDIAN

Print Shop

The Print Shop deserves a great deal of credit for the cooperation and work that has been done in producing the Indian. Too much credit can not be given Mr. Barner, printing instructor, for the creditable way in which he has devoted his time and effort to the publishing of this book.

The boys in the print shop have done a great deal toward making possible the publication. Everett Boyer, Roy Gaskill, Frank Atteberry, Frank Unrue, and Wilbur Hobbs are especially to be commended for the way in which they cooperated with the staff in issuing the Indian.

For the first time, an A. H. S. Annual has been produced in a two-color scheme of art work for the entire book. The added beauty and value of the book are accompanied by a corresponding amount of time and effort necessary, as it makes twice as many press runs.

The print shop did its usual share of work in publishing the X-RAY, the school paper, printing about fifteen regular issues, and two tournament extras, during the district and regional tourneys. The last issue was printed during the last week in April, after which the print shop concentrated its efforts entirely upon the Annual.

Senate

ISAAC KURSCH . . . President MILFORD GOBLE . . . Treasurer
 SCHURL MARSHALL . . . Secretary TRUMAN McCLURE . . Vice President
 MARGARET DILLE . . . Reading Clerk

During the past year, the destinies of the A. H. S. Senate have been led by a competent group of officers. Under them an "era of good feeling" has been created in the Senate. Early in the fall, the officers met and outlined a progressive program for the year.

At the mid-term election Isaac Kursch was unanimously reelected. This is the third time such an honor has been conferred upon a Senator. All the other officers, with one exception were reelected. Four of the five major offices in the Senate are held by Seniors. The officers for the first semester were: President, Isaac Kursch; Vice President, Truman McClure; Secretary, Schurl Marshall; Treasurer, Brooks Short; Reading Clerk, Margaret Dille.

The sponsors of the Senate are Mr. J. C. Black and Miss Mary Wilson. The former acts as the Sergeant-at-arms, and the latter as the "ever-sharp" English critic. The Senate bestows much praise and credit on these two, and they are greatly appreciated by the club.

Mr. Black has been connected with the Senate since it was organized, and has been a great help to the Senators in leading and advising them. His services will be long remembered, and he will be thought of as the "grand old man" of the Senate in years to come.

Miss Mary Wilson has been the Literary critic for the past two years. Her criticisms and suggestions have been of great benefit to the Senators, and are appreciated by all the members.

Senate

Not since its organization in 1905, has the Senate been as active as this year. An increase in spirit, membership, and special events, are primarily responsible for the rapid growth of the Senate's activities. The Senate is no longer a high school "organization," it has become a high school "institution."

This year, in celebrating the twentieth anniversary of the Senate, the Senators have left no stones unturned in their social and special activities. On December 16, 1924, under supervision of the entertainment committee, the Senators had a most delightful Christmas Party. Mr. Black and Miss Wilson were given gifts by the Senate in appreciation of their services. On February 3, 1925, a mock trial was held by the Senators. On February 10, the Senators engaged in a "Mysterious Valentine Party." The "Magic Mud Company" made an appearance before the Senators and gave an exhibition of crystal gazing, and phenomenal illusions. Later in the evening, forty-five hungry Senators were served refreshments. On May 1, the Senators held their "May Day Festival" at Shadyside park, the features being a Weiner-Marshmallow roast, and outdoor games and contests.

On May 22, the most elaborate banquet ever held by the Senate took place in the Hotel Stilwell cafeteria. Fifty Senators and visitors were present, as well as several former officers. The officers gave their farewell addresses. Mr. Black and Miss Wilson were highly praised for their work in the Senate. The "Senate Orchestra" under the direction of Franz Prell, gave a program of dinner music. The menu will long be remembered by all those who were present.

NEWTON HILBOLT . . . Sergeant-At-Arms

The Hi-Y organization with the present constitution and method of meeting, started in April, 1923. The president, John Canaday, and a group of very capable officers carried out a successful program for the year.

The Hi-Y has grown from a group of twelve boys, at the time of re-organization, in 1923, to a present membership of sixty-seven.

Last year, under the leadership of Durward Beall, as president, the Hi-Y became established in ideals, and it's purposes were emphasized in school life. The foundation was laid for future work.

This year has placed emphasis on getting ideals and purposes in lives of an enlarged membership, and after very careful consideration, the club now has a real membership. Plans are now being laid to open next season with some helpful school campaigns.

The Hi-Y is sponsored by the Boys' Work Secretary of the Y. M. C. A., the high school principal, and a sponsor from the faculty of the high school. The Hi-Y executive committee consists of the officers, the chairman of standing committees, and the advisors.

The club's purpose is to "To create, maintain, and extend, throughout the school and community, high standards of Christian character. The club strives to carry out the plan of fourfold development, "Clean Speech, Clean Living, Clean Athletics, and Clean Scholarship."

Science-Mathematics Club

BROOKS SHORT . . . President MARGARET DILLE . . . Secretary
NADAH ANDERSON . Vice President MILFORD GOBLE . . . Treasurer

The Science Club of former years has reached out its skeleton fingers into a great variety of subjects, and has chosen mathematics to be its companion. Thus, the new name, Science-Math Club.

The purpose of the Science-Math Club, is to create among the students, new interest in scientific and mathematical subjects. The programs usually consist of prepared talks on scientific subjects of general interest.

Any student who has one credit in science or mathematics or who is taking one of these subjects, is eligible for membership.

With the increased field for subject matter, many new and novel features were introduced during this season.

One of the most interesting meetings was the Star-Gazing Expedition, made possible by an earnest student of astronomy, Mr. Denny. The most largely attended meeting of the year was the Russell Murdock Magic Show. Between five and six hundred students attended this attraction.

Mr. Horton and Mr. Brinson are the ever-awake sponsors, representing the Science and Mathematics departments, respectively.

The officers for the first semester were: Edward Greenlee, President; Brooks Short, Vice President; Virginia Davis, Secretary; Hurst Shoemaker, Treasurer. The first term officers proved a big factor in carrying out such a successful season.

Girl Reserve Play

Left to right:— Frances Hall, Dean Ambrose, J. Helen Bronnenberg, Edward Wetzel, Marjorie Richardson, Robert Daly, Faye Turner, John Austin, Doris M. Hall, Fred Roberts, Alice Higman.

Whrr-r--, the motorcycle of Sylvia Spencer deposited her at Rosemoor Estate, Ipplepen, Devonshire, England, where she was destined to play the "good fairy" to Willoughby Spencer, a victim of too much success in love, and to his three companions, victims of failure in the same pursuit.

But these four men had fled to this secluded country estate to escape the wiles and treacheries of the fairer sex. Now what were they to do with this young lady just arrived from Australia, announcing to Willoughby that upon the death of her father, he had been appointed her guardian. It was finally arranged, after much coaxing and flattering of the housekeeper, Mrs. Vokins, that Sylvia should temporarily take up her abode at Rosemoor.

A pleasing solution to the problems of these "exiles" is brought about by Sylvia, who shifts the attentions of Willoughby's three former sweethearts, also in the seclusion of the country estate unknown to Willoughby, to Willoughby's three friends.

The play ends with the now happy couples, and Sylvia and Willoughby planning their weddings.

Girl Reserves Staff

DEAR ANNE:—

I should say the Girl Reserves are still alive—more alive than ever before. When I tell you of the wonderful times we have been having I just know you will wish you were back with us, our president, again.

Did you hear about the conference held at Millhurst, up on the Fox River in that romantic old mill? Barbara Miller, Jessie Helen Bronnenberg, Sarah and Elizabeth Gilmore were our representatives, and the reports of the 'four square' life there that week made us all wish we had gone, too.

About thirty of us girls went up to Tecumseh and were charmed with the natural beauty of the place. All those morning talks held in the seclusion of the woods or in the rustic chapel overlooking the beautiful river were doubly inspiring because of the environment. Then of course, the swimming, boating, hiking, picnics and all their accompanying good times are not to be forgotten.

Two pageants, given November 26, expressing the "true Thanksgiving spirit," were very beautiful and impressive. Then, too, every one of the girls, dressed in gypsy costume, had an unusually joyous time on the Romany Hike.

Three times during the year, at the meetings "Alice-Sit-By-The-Fire," "In The Days of Wigs and Patches," and "The Code In Costume," we had an attendance of nearly seventy members. Truly the Girl Reserves have had a prosperous year.

Student Council

RUSSELL HUDSON . . . President GEORGIANA GEORGE . . . Secretary
CARL DONNELLY . Vice President J. C. BLACK . . Sergeant-At-Arms

The Student Council was organized in 1920. The purpose of this organization is to promote student government and to form a group where the student body shall be represented.

One of the bills passed this year, was one to repair the system of heating in the west side of the building.

The Council decided upon a plan of supervision for distribution of song books in the auditorium. Five students to fill these positions were elected in the advisories.

The Council, with the cooperation of the student body, held the annual Clean-up day on which Laocoon and Augustus received their annual baths, and the general appearance of the school was considerably improved.

The council finished paying a debt that had been carried over for a number of years. In order to secure money, a food sale was held during the week of March 23. The debt was paid and a small amount of money was left in the treasury.

Unusual spirit and interest in school activities was displayed in the council meetings this year, as was evidenced by the good attendance that prevailed during both terms.

Mr. J. C. Black, the sponsor, continued the same faithful service that he has given during the number of years that he has been connected with the Student Council.

Latin Club

MARJORIE RICHARDSON . . . President SARAH GILMORE . . . Secretary
FRED ROBERTS . . . Vice-President CLEO CUNNINGHAM . . . Treasurer

The programs of the Latin Club this year have amply proved that Latin is not a dead language. Latin crossword puzzles, plays, songs, conundrums and games have created much interest in the Latin Club programs. One evening was spent in making a Latin scrap-book, the material for which had been collected from newspaper and magazine articles, and showed how great a place Latin has in our every day experiences. Two books, "Readings from the Literature of Ancient Rome," by Dora Pym, and "The Daily Life of the Greeks and Romans," by Helen McLees, were used in the preparation of several programs.

The social life of the club has not been overlooked, for on special days, Hallowe'en, Christmas, and Easter, parties were held at which times refreshments, appropriate for each occasion, were served. At the Easter party, there was a contest in making various Latin words from the club name. The closing social event was a picnic.

The members have cooperated heartily in the year's work. Miss Nagle, the sponsor, for several years the mainstay of the Latin Club, was largely responsible for making possible such a successful year for the organization by devoting her time and assistance to the organization of the club and the carrying out of the year's program.

Dramatic Club

ELIZABETH BAYLESS . . . Secretary ELEANOR CHAMPLIN . . . President
 GOLDEN HARRY . . . Stage Mgr. FLETCHER KING . . . Vice President
 JAMES ROBINSON . . . Treasurer

The Dramatic Club this year, underwent a complete change in organization. A new constitution was adopted, providing for a more exclusive manner of electing the members, new by-laws were established, new committees formed, and a new program plan for the entire year was decided upon.

Under the leadership of Eleanor Champlin, as president, the club met every Tuesday afternoon after school, in the high school auditorium. The interest of the club was held by a variety of programs arranged by Mary Stone, chairman of the program committee. During the year several of the most popular modern plays were put before the Dramatic Club for discussion, several articles of "The Theatre Magazine," concerning the art of stage-craft, the biographies of leading actors and actresses, the business of play-wrights and producers, and the comments of critics on recent productions were discussed.

"The Mouse Trap," a one-act play, was presented under the direction of Miss Mary Miller.

"What They Think," a scene from Mary III, was also presented to the Dramatic Club, by Mr. Dakin.

A great deal of credit is due Miss Wilson, Miss Perce, and Mr. Dakin for the responsibility they took and the assistance they gave in making the Dramatic Club season successful.

Dramatic Club Play

The Anderson High School Dramatic Club presented "Polly With A Past" a David Belasco production. It was coached by Miss Mary Wilson. The characters were very well cast for their individual parts. The play offered possibilities for amateur acting, of which the players took advantage. Real talent was displayed by the leading man, Gerald Albright, who took the part of the uncertain and nervous lover. The part of the French actress was well played by Georgiana George, whose realistic accent deceived the audience. Mary Louise Greyer displayed clever acting in the role of the exacting social reformer.

The play was presented with marked success. As a result of the efforts of those who worked for the play, the stage has been equipped with a new set of scenery.

JUANITA BAKER . . . President KATHRYN WHELCHL . . Secretary
LEONA ANTRIM . . Vice President LLOYD CURVEN . . . Treasurer

At the first meeting of the Spanish Club, the following officers were elected: Juanita Baker, President; Virginia Bluher, Vice President; Helen Bowers, Secretary; and Nellie Adams, Treasurer.

During the term a wiener roast was held at Shadyside park, and a Thanksgiving party was given in room 211. A Christmas party and a Theater party were also among the social events of the term. A number of interesting programs were enjoyed throughout the term. Most of them consisted of piano and vocal solos, talks and contests.

At the first meeting of the spring term, the officers were elected as follows: Juanita Baker, president; Leona Antrim, vice-president; Lloyd Curven, treasurer; and Kathryn Whelchel, secretary.

The club decided to choose sides and have a membership contest with the losing side entertaining the winners at the end of the term. The names of the two sides are La Vida and El Sol. The side getting the most points wins.

The Spanish Club was entertained by the Commercial Club with a luncheon in room 12. The Spanish Club also entertained the Commercial Club at a theater party. A few other social events took place during the term, with the usual programs.

Commercial Club

FRANCES HALL . . . President ZULA BARNETT . . Vice President
HELEN BRONNENBERG Secretary-Treasurer

The Commercial Club was organized three years ago through the efforts of Mrs. Williams, assisted by some students. Mrs. Williams was then at the head of the Commercial Department.

The purpose of the club, is to promote and create an interest in commercial work. Any student taking the commercial course, or who has a credit in commercial work is eligible for membership. The dues are ten cents each semester.

The meetings are held every first and third Thursday, in the bookkeeping room. The meetings this year have been especially interesting. Two of the outstanding events were a Christmas party held at the home of Helen Bronnenberg, and a pot-luck-supper by the Commercial Club and Spanish Club.

For the last two years the District Commercial contest has been held at Anderson. Members of the club acted as hosts and hostesses for the visiting schools. The contest this year was held April 18. Contestants were entered in each of the six contests, Penmanship, Beginning Bookkeeping, Beginning and Advanced Shorthand, and Novice and Amateur Typewriting.

A large portion of our success is due to our faithful sponsors, Miss Martin, Miss Parrish, Miss Potter, and Miss Hunter.

Home Economics

EDNA MILLER President LOIS SHIPMAN Secretary
SIBYL STACKHOUSE . Vice President MADONNA CLEM Treasurer

The Home Economics Club, although it is the youngest organization in the school, is progressing rapidly under the supervision of Mrs. Leachman, Miss Janny, and Miss Erwin.

The purpose of this club is to promote interest concerning Home Economics and to increase the interest of the students in this work.

The regular meetings of the club are held the second and fourth Wednesdays in each month. The meetings which are arranged by a program committee, are not only interesting but instructive.

The outstanding accomplishment of the club during the year has been the food sales which were held in the main corridor of the school. The funds which were derived from this event are being used to secure lecturers to instruct the students in this line of work and also for entertainment. A portion of the proceeds will be used for a gift which will be given to the new dining room.

The present membership of the club is forty-four. All students who are interested in Home Economics work are eligible to membership. Twenty-five cents dues are paid by the members each semester.

The club has had a most successful beginning year. However it intends to take a more active part next year.

Orchestra

The orchestra lost many of its members in the class of 1924, but this year finds it again in flourishing condition. It is hoped that this organization will continue to grow, and indeed it has fine prospects for doing so next season.

During the school year, the orchestra has furnished music for the school entertainment, for the High School "sings" in the auditorium, and has given a number of programs before the school.

The personnel of the orchestra is as follows:

1st Violins; Thomas Clem, Clement Cronk, Delilah Hotzel, Paul Fory, Boehler Smith, Philip Hotzel.

2nd Violins; Vivian Finney, Gertrude Jones, Von Polhemus, Ray Pittsenberger.

Cello; Mary Sibbach.

ANDERSON HIGH SCHOOL GYMNASIUM

1925

Eighty-five

Gymnasium

Numerous unsuccessful attempts have been made in recent years to obtain a new high school gymnasium. The persistent demand of the public and school patrons for a community auditorium and gymnasium, and the over-crowded condition of the high school were instrumental in securing for such a project, the hearty cooperation of a group of Anderson business men.

The plan devised provided for the formation of a private company incorporated under the laws of the state. The corporation could lease for a number of years, from the School City of Anderson, ground on which to build the gym. The major portion of the funds could be obtained from some banking institution under the provisions that the loan should be properly secured, both by a mortgage on the building and grounds, and by the limit of personal guarantees of friends of the project.

As soon as the debt is paid off, the company will dissolve, and the building and grounds shall revert to the School City.

A loan of \$40,000.00 was granted by the Anderson Loan Association, on Tuesday, Jan. 9, 1924. E. R. Watkins was employed as architect, and the general contract was let to David Eshelman and Sons, on April 30, 1924, the sum being \$53,592.90.

The financial statement for the year, since Nov. 21 1924: Total cost of Gym \$100,860.13; Credits \$1,512.85; Balance \$99,347.28; Paid by School Board \$28,422.72; Balance \$70,924.56; Present Indebtedness \$40,775.00; Paid since Nov. 21, by Athletic Board \$30,149.56.

Morsch's Cup

At the beginning of the school year, Mr. William Morsch, "Uncle Billy," who has long been a true friend to A. H. S. basketball teams, donated to the school a beautiful silver loving cup. On the cup was to be engraved the name of the player showing the best spirit each year during the basket ball season.

Mr. Morsch dedicated the cup to honor, sportsmanship, and all the other qualities that make basketball the leading sport in Indiana high schools, and are embodied in one word "spirit." At the end of each basketball season, the name of the player, who in the opinion of the entire squad, has shown the best spirit throughout the season, is to be engraved on the cup.

During the past season the members of the squad have striven for this honor. At the end of each week every member of the squad, placed in order the first ten, who, in his opinion, had shown the best spirit during that week. At the end of the season the points were counted and the man who won was Carl Adams.

It is probable that a tradition has been established and each season the members of the squad will have something really worth while to strive for. The honor of having one's name inscribed on this cup is obvious. The benefit to the player himself can not be questioned, as this is the big purpose of athletics in school life: to teach those who participate to show the best possible spirit under every condition that may arise.

INDIAN

Athletic Board

The past year has been a successful one in Athletics considering the conditions effected by the building of the New Gymnasium. This brought about the need for an efficient and much larger organization for handling the crowds and ticket sales.

Anderson very successfully entertained its first Regional basket ball tournament this year. This event attracted thousands of visitors to the city and proved to all that we live up to the slogan, "The Prince of Hosts."

In basket ball, the second team was sent to the Tri-State tournament at Cincinnati, as a mark of appreciation for its excellent showing made during the season. This also gives tournament experience that should prove valuable in their future play.

Football, in its second year, was very successful, in more than paying for itself as well as receiving a greater support from the school and outside.

The athletic board voted to join the National Athletic Honorary Society. Athletes ranking above the average in scolarship may become members of this society. A suitable pin gives a well deserved recognition of their scholastic as well as athletic ability. The opportunity for becoming a member of this society should stimulate the efforts of an athlete.

The officers for the year were: Carl Donnelly, Pres.; Wm. Sines, Vice-Pres.; Paul Bell, Sec.; and Willard Baker, Freshman Rep. The faculty members were: Mr. Cook, Mr. Reid, Mr. Brinson, and Mr. Sharpe.

Basketball

The past basket ball season has been a most successful one. The Red and Green team was rated, throughout the season, with the five best teams in the state.

Starting with but three men from the 1923-4 team, Coach Staggs turned out a team that any school might well be proud of. From the first, Staggs impressed the squad that with the odds against them as they were, the only thing that could bring success was spirit, cooperation, and fight. That this was proved, all true Anderson fans realize.

The record for the season proves that it was a success. The Staggsmen won 19 games and lost 4, piling up 991 points to opponent's 595. Although the loss to Lapel in the district tourney was heart breaking, the Indians bore it with a smile, and offered no alibis.

After losing in the Sectional, Anderson went ahead and entertained her first regional tourney, bearing out in every respect the motto "Anderson, Prince of Hosts," Smiling through tears, and cheering the more fortunate teams on to victory. The loss to Lapel was a surprise to the entire state and Anderson sportsmanship in defeat was favorably recognized over the whole state.

The record for the season is:

Anderson, 31, Lapel, 35.	Anderson, 38, Huntington, 28.
Anderson, 35, Vincennes, 47.	Anderson, 59, Kokomo, 36.
Anderson, 46, Mooreland, 30.	Anderson, 42, Logansport, 28.

SECOND TEAM

The seconds, ably coached by Mr. Frank Reid, also hung up quite a record, and deserves much credit for developing the first team. They defeated many of the strongest first and second teams in this part of the state and went to the second round of the Tri-State Tourney, where they were downed by Monrovia, first team, which eventually won the tourney. A good first team may be expected next year, as practically all of the second team are back.

JOSEPH ELLISON—"Joe"

"Joe" was our diminutive forward, and one of the fastest in the state. Kokomo found it plenty hard to hold him to nine field goals, and other teams had similar difficulties. "Joe" will be back next year.

KENNETH SNYDER—"T-Bone"

Aside from being proficient in the art of damaging T-Bone steaks, Snyder was one fast forward. He paired well with "Joe," and seldom failed to add materially to the final score. "T-Bone" will be with us next year.

ROY SHETTLE—"Butch"

"Butch," though handicapped by a weak knee, again turned in a good season. He has for four seasons been a mainstay, playing forward, floor guard, or back guard, with equal efficiency. This is "Butch's" last year.

MAURICE STARR—"Starry"

According to most critics, "Starry" had but few peers, in the state this year, at center. "Starry's" dribbling, shooting, and head work, would be an asset to any team, and we are sorry to lose him.

IVAN HALE—"Ike"

"Ike" was the shiek and comedian of the team, but besides that he had a habit of dropping them in from all angles. "Ike" graduates this year, and he will be missed.

EARL SCHMIDT—"Schmitty"

"Schmitty" was on the squad last year, and this year he made himself evident at floor guard and center. Fans will long remember the two he tipped in, under the basket, against Vincennes. We lose him this year.

INDIAN

HAROLD BRONNENBERG—“Bronnie”

“Bronnie” came back to school this year, after a year’s absence. His presence has strengthened the Staggsmen wonderfully in the floor guard department. We regret that “Bronnie” graduates.

CARL ADAMS—“Cat”

“Cat” is one of the best back guards ever turned out in A. H. S. He allowed very few short shots, and his dribbling, shooting, and head work was above reproach. Adams leaves a big hole to fill.

EVERETT BOYER—“Speed”

“Speed” has lived up to his name this year at floor guard. Never flashy, but always dependable, Boyer has earned a place for himself among the athletes of A. H. S.

We regret to say that “Speed” leaves us this year.

CARLOS JENKINS—“Red”

“Red,” as the name implies, was the auburn haired boy who could hold down most any position on the floor. He played floor guard, back guard, or forward, with equal efficiency. Sorry to say, Jenkins graduates.

CARL STRADER—“Duck”

“Duck” played either floor guard or back guard. At either position, he was a stone wall, and few forwards could outsmart him. A. H. S. is fortunate in having “Duck” back for another year.

Track

With the season's opener two weeks hence, and only about 18 real candidates reporting each night, prospects for a successful track season looked very gloomy. However, when the points of the county meet had been totaled, it was found that the red and green had carried away 2 firsts, 3 seconds, 3 thirds and 2 men tied for first, for a total of 28 points. They also brought home a handsome silver loving cup for the half-mile relay.

From that time on, the faithful few kept coming, and the season as a whole, has been a success.

There were few experienced men from which to pick, but all were willing to work and give all they had. Their efforts were not in vain, as was evidenced by the fact that A. H. S. stood sixth in the district meet with 7 points, as well as winning the coveted half mile relay.

Many of the men will be back next year, and a good team may be expected.

The record for the season is as follows;
Anderson 43, Richmond 56, Anderson 64 2-5, Marion 34 2-5.

COUNTY MEET

Elwood 53, Anderson 28, Lapel 10, Pendleton 7, Alexandria 1.

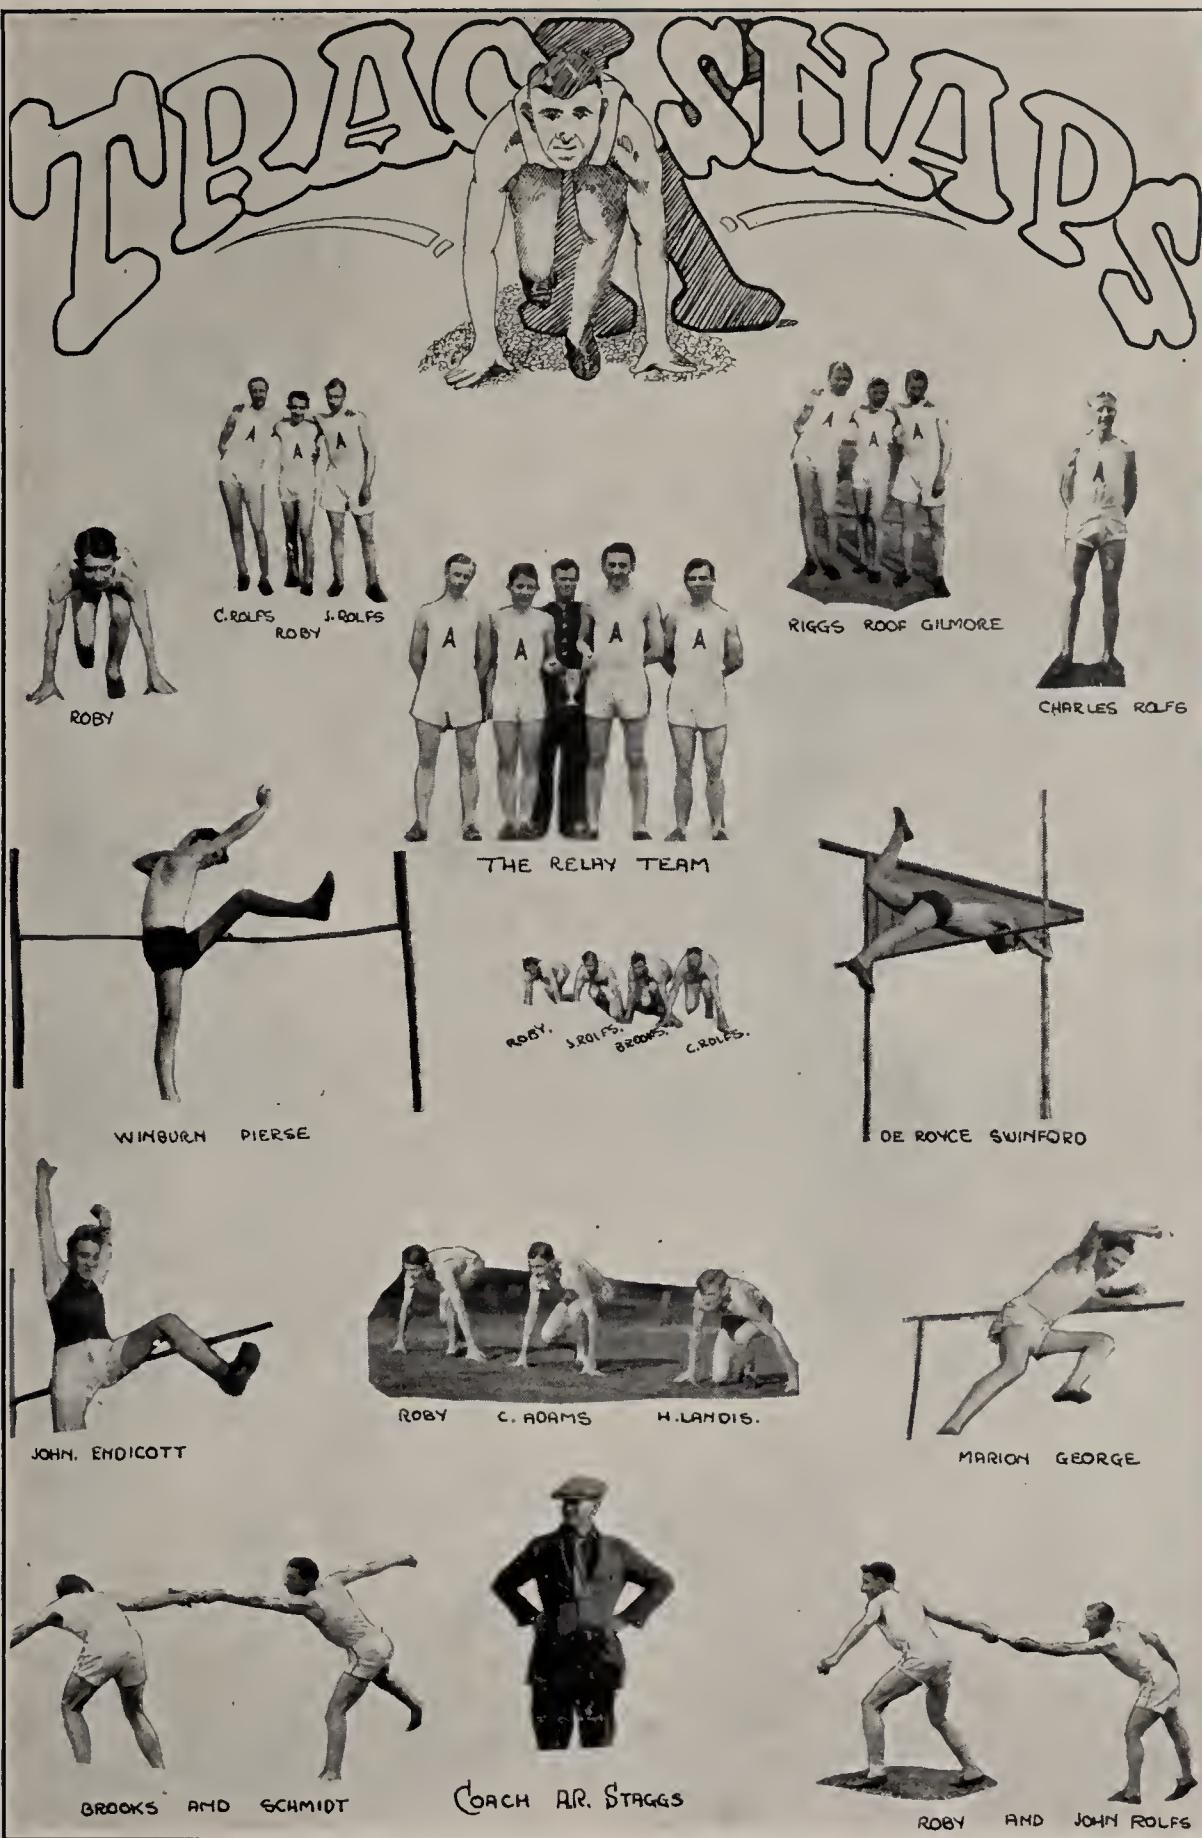

DISTRICT MEET

Football

In view of the fact that this was only the second season of football in A. H. S. for more than fifteen years, the 1924 season was a remarkable success.

Much credit is due Mr. E. R. (Zeb) Carman, through whose untiring efforts football has regained a place in A. H. S. athletics. "Zeb" has worked harder for, and worried more about, football, than any one in the city, and the results are obvious. "Zeb" came to us direct from Purdue University, where he graduated from the school of Agriculture.

He has had about fifteen years of football experience.

The record for the season is as follows:

A. H. S. 38, Boxley 6.	A. H. S. 19, Knightstown 14.
A. H. S. 25, Hartf'd City 33.	A. H. S. 0, Elwood 28.
A. H. S. 50, Sil't Hoosiers 7.	A. H. S. 6, Noblesville 7.

At the end of the season, a banquet was given for the team, at the Y. M. C. A. At that banquet, Maurice Starr was elected honorary captain for the year.

Advance dope points to a successful season next year.

WILLIAM LANTZ—“Bill”

Although this was “Bill’s” first year of football, he got more tackles than any other man on the team. “Bill” will, no doubt, hold down left tackle again next year.

ROBERT STONE—“Bob”

“Bob” helped “Bill” hold down the left tackle job. He always fought, and his work on offense, made possible many gains. We will miss “Bob” next year, as he graduates.

GLEN WEBB—“Webby”

“Webby” has held down the left guard position for two years. He has played in every game, without being substituted for. His weight will be missed, as he graduates this year.

ERNEST SMITH—“Smitty”

“Smitty” was one of the largest men on the squad. He has played in every game for two years and has never been substituted for. We lose a real center as Smitty graduates.

DON SKEOCH—“Don”

Don was the big, light haired boy who held the right guard position so well. He will be back next year, which doesn’t look at all unpromising.

MYRL BOLDS—“Skeet”

“Skeet” took to football like a duck to water. He played end, and was always down under punts, waiting for a tackle. This is “Skeet’s” last year, and we’ll miss him.

WARREN CARPENTER—"Carp"

Although the smallest man on the team, "Carp" proved himself to be a fighter. He played quarter-back, and used his head well and often. "Carp" will be with us for another year.

PAUL MASSEY—"Pill"

"Pill" came to us from Elwood and we have never regretted it. He played left half-back, and picked his holes well. He will be missed greatly next year.

CARL STRADER—"Duck"

When a few yards were needed for first down "Duck" usually was called upon to "plow the line." He will be back next year and should go well again at full-back.

RALPH RIGSBY—"Buck"

In "Buck," we lose a real half-back and end, who can punt. A bad knee handicapped him most of the year, but his heady playing would be an advantage to any team.

EMERSON BAKER—"Bake"

"Bake" was one of the largest men on the squad. We expect much from him next fall. He plays tackle.

INDIAN

SHARON REIGHARD—“Sherry”

“Sherry” subbed for Don last year. He will be back next year and we are expecting great things from him.

LEWIS ROBY—“Lewy”

“Lewy,” though this was his first year of football, and he was a little light, did very well at quarter-back. He could hold his head and fight, and we’ll miss him next fall.

LOUIS MITCHELL—“Louie”

“Louie,” though he didn’t play regular, made a name for himself as a sub quarterback. He has another year, and should play some real football next year.

RUSSELL HUDSON—“Russ”

“Russ,” though one of the lightest back-field men, was very efficient at half-back. “Russ” will be back next year and we’ll no doubt hear more from him before the season is over.

PAUL LYITLE—“Pete”

Pete was the smallest fullback on the squad, but his fight and determination carried him far. We are fortunate in having Pete back next year.

FRED SAFFORD—“Saff”

“Saff” was the largest man on the team, and he used his weight to good advantage. “Saff” played tackle. He graduates, and his place will be hard to fill.

"I took a walk through the cemetery today and read the inscriptions on the tombstones."

"Well, what about it?"

"Where are all the wicked people buried?"

NO, THANKS!

George C.—What's all the noise?

Sass.—Oh, that's just a barber shaving himself.

George—But why all the noise?

Sass.—He's just trying to persuade himself to have a shampoo.

Hostess—Will you have some more pudding?

Guest—Awful good. Just a mouthful, please.

Hostess—Mary fill up Mrs. Jones' plate.

The artist's lady friend was being shown round the studio.

"Oh, perfect!" she exclaimed, looking at the picture. "These ostriches are simply superb. You should never paint anything but birds."

The artist winced under the blow.

"These are not ostriches," he said, "they are angels."

"I heard your son was an undertaker. I thought you said he was a physician."

"Not at all. I just said he followed the medical profession."

"Doesn't it strike you that that's a queer-shaped harp that new woman-angel is luggin' a round?" asked St. Peter with a perplexed frown.

"That isn't a harp, that's a radio set," answered Gabriel, with a pitying look at his superior. "She's enjoying her husband's howls from Station HLL."

"Horrors!" exclaimed the fond mother. "Look at the baby, all wet and muddy! Willie, didn't I tell you to watch your baby brother?"

"Sure, ma," agreed Willie, "an' he sure kept me a-laughin' most of the time' too."

He: "What was that you played in assembly last week?"

She: "Kiss Me again."

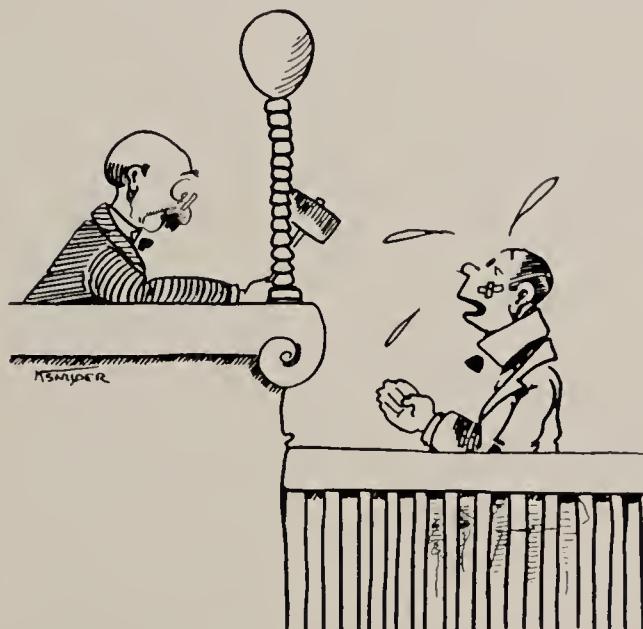

He: "Not until you tell me what you played."

"Waiter, I'll have pork chops with French fried and I'll have the chops lean."

"Yes sir, which way?"

First Angel: "How'd you get here?"

Second Angel: "Flu."

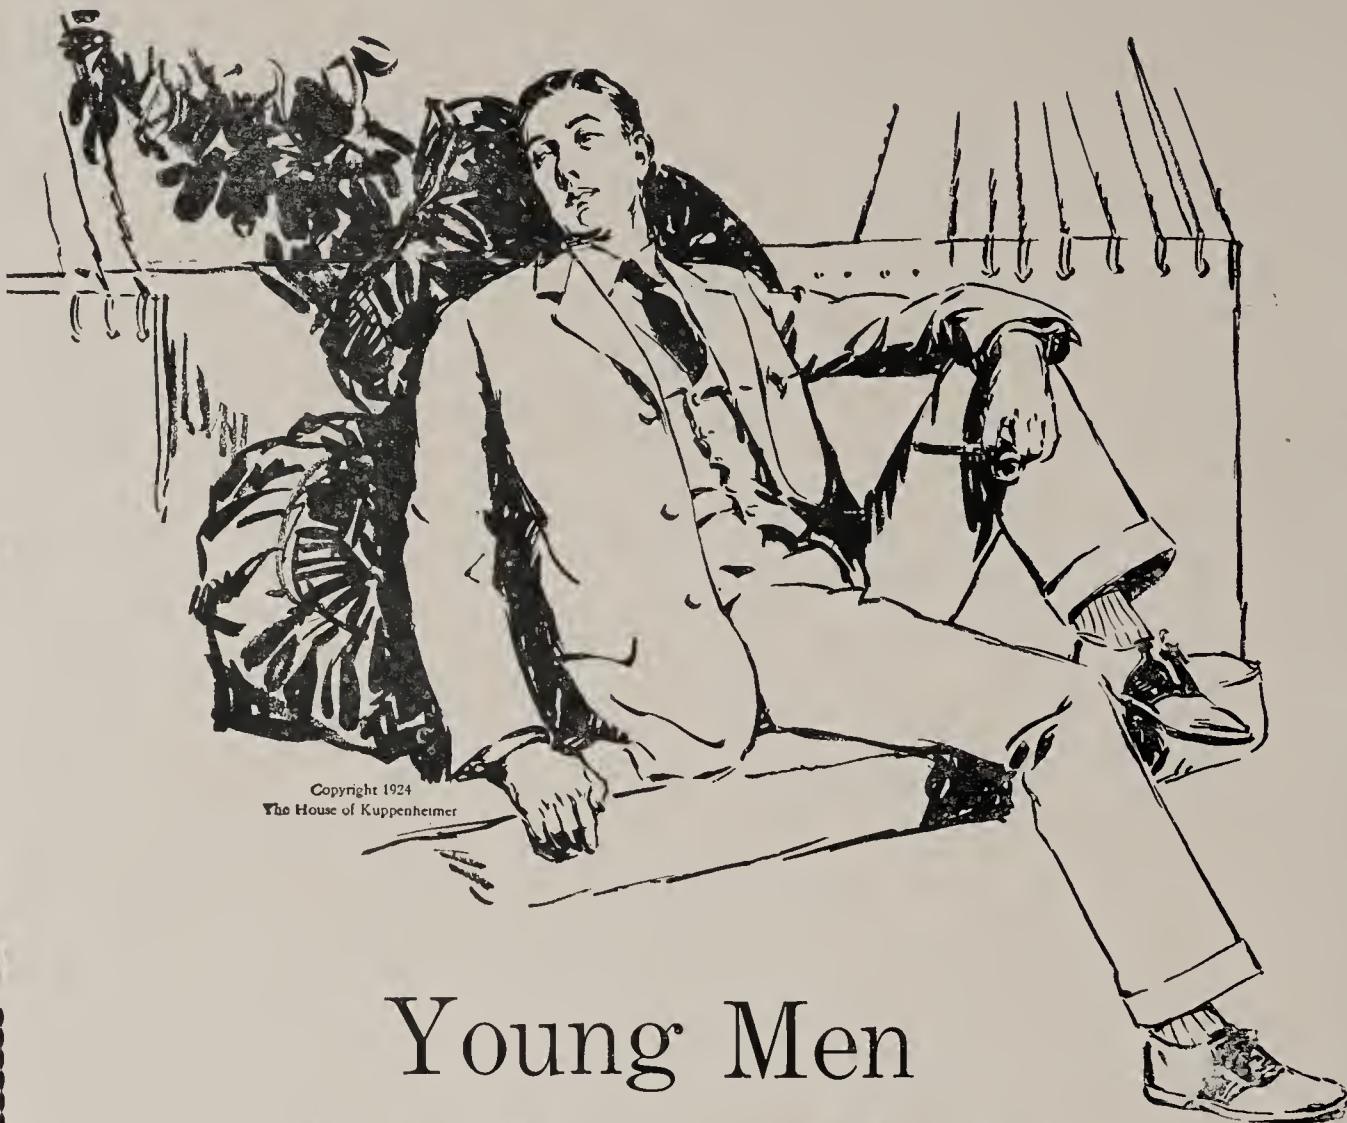

A CLEAN RECORD.

Culprit: Not guilty, judge. I've worked there for ten years, an' I never took nothin'!

Judge: Where did you work?

Culprit: In the bath house.

He had been dining too well, and, hailing a taxi, he crawled gingerly inside, after falteringly giving the driver his destination.

It happened that the opposite door had been left unlatched by the previous fare, and, stumbling against it, the inebriated one fell outside again. He picked himself up with great difficulty, and accosted the driver.

"Thatsh pretty quick work," he said; "how much do I owe you?"

MUCH TO LEARN

An old fisherman took a friend with him who knew nothing about fishing, setting him up with a tackle and finding him a comfortable seat on the bank.

"Say, how much do those little red things cost?" asked the novice presently.

"Do you mean the float? They cost about a dime. Why?"

"Well, I owe you ten cents. The one you let me have has sunk."

Get all you can—

That may sound as though we're telling you to be very selfish; what we mean is, that when you pay out your money for clothes, you ought to try to get all the value possible. It isn't selfishness; it's good sense. Because we expect you to do that, we give you more than other stores, in quality, style and lower prices.

Walk and be Healthy

BUT walking requires vigorous, comfortable feet. And you can make *your* feet comfortable and ready for any hike by wearing the Arch Preserver Shoe. It provides a natural walking base—supporting the foot where support is needed, but bending freely at the ball, the only place the foot itself bends. You'll make walking really delightful as well as healthful by wearing—
